WELCOME

At Potchefstroom College GCC we offer a variety of courses to help engineers successfully complete their Government Certificate of Competency, otherwise known as GCC or ticket.

Because this is such a prestigious qualification you need to qualify before you can write this exam. To qualify you must have a letter of acceptance from either the Department of Minerals and Energy (Mines) or the Department Labour (Factories).

For further details please read these requirements or if you're still not sure, send us copies of your qualifications with pass rates for each subject as well as details about your relevant experience.

Q: What makes the Government Certificate of Competency such a prestigious qualification?

A: Once you’ve passed your GCC you are considered a competent engineer, and by law, you are allowed to manage an engineering section of a mine or factory.

Dates are subject to change

**Venue:** Amelia Recreational Hall, Richardson Str, Bailliepark, Potchefstroom.

**GPS:** 52°42.965',0,27.010'

**Time:** 17:30 (± 2 hours)

**Correspondence courses**

This course is for students that want to study via mail. You will receive books and assignments via POSTNET (if you do prefer courier, you will be responsible for the arrangements and payments). You can work on your own time and send assignments back to us via email or fax.
**Subjects:** Plant and law subjects

**Cost:**
- R3 700 Plant
- R1 600 Law

**Dates:** Via mail, anytime of year

**Corporate courses**
If you have ten or more students preparing for the GCC exam, courses at your own facilities can be arranged for Plant Engineering. Please contact our office for more information.

**Subjects:** Plant subjects only

**Cost:**
- R30 000 for first 10 candidates, thereafter R2700 per person.
  (Plus travelling and accommodation if necessary)

**Dates:** BOOKINGS ESSENTIAL
Please book early to avoid disappointment.

**SYLLABUS**

**Plant syllabus**

**Section I: Mechanical Engineering**

- Chapter 1: Belt drives
- Chapter 2: Gear drives
- Chapter 3: Conveyor Belts
- Chapter 4: Traction
- Chapter 5: Rope Haulages
- Chapter 6: Bucket Elevators
- Chapter 7: Chairlifts
- Chapter 8: Elevators
- Chapter 9: Winders (only mines)
- Chapter 10: Vehicle dynamics
- Chapter 11: Brake systems
- Chapter 12: Flywheels
- Chapter 13: Coiled Springs
- Chapter 14: Lubricating
- Chapter 15: Bearings
- Chapter 16: Welding

**Section II: Strength of Materials**

- Chapter 1: Line Shafts
- Chapter 2: Beams
- Chapter 3: Retaining walls

**Section III: Hydraulics**

- Chapter 1: Flow measurement
- Chapter 2: Flow in pipelines
- Chapter 3: Centrifugal and Reciprocating pumps

**Section IV: Thermodynamics**

- Chapter 1: Compressors
- Chapter 2: Rotary air compressors
- Chapter 3: Refrigeration
- Chapter 5: Boilers
- Chapter 6: Heat transfer (autoclave)
- Chapter 7: Water treatment

**Section V: Electrical**

- Chapter 1: Electrical Circuits
- Chapter 2: Power factor correction
- Chapter 3: Transmission lines
- Chapter 4: Fault calculations
- Chapter 5: Circuit Breakers
- Chapter 6: Illumination
- Chapter 7: Induction motors
- Chapter 8: Starting of AC motors
- Chapter 9: Synchronous motors
- Chapter 10: Transformers

**Section VI: Management**

- Chapter 1: Introduction to risk management
- Chapter 2: Risk Management
- Chapter 3: Safety Management

**Law syllabus**

**OSHACT**
An occupational health and Safety Act and Regulation handbook (Latest Edition)

**Typical examination questions**
REQUIREMENTS
Requirements for acceptance to Government Certificate of Competency

The candidate must be 23 years or older. No person will be allowed to enter for the qualifying examination, unless he/she has been accepted as a candidate by the Commission of Examiners, and no credit will be given for a pass prior to such acceptance.

The University Route
A B.Sc. degree in mechanical or electrical engineering recognised by the Commission of Examiners and at least two years post graduate appropriate practical experience in the maintenance and operations of mechanical and electrical machinery, satisfactory to the Commission of Examiners of which at least one year has been at a mine in the RSA

The Technicon Route
A course in engineering (mechanical or electrical as the case may be), a National Diploma (S4) plus at least two years experience subsequent to the issue of such diploma in the maintenance and operations of mechanical or electrical machinery as the case may be, which is satisfactory to the Commission of Examiners, and of which at least one year has been at a mine in the RSA.

The completion of such course shall include passing all the subjects with a mark of at least 50%. The Technicon must subsequently certify that a candidate for the Government Certificate of Competency, having followed the Technicon route, has -

(i) Completed a curriculum, which covers the syllabus for Plant Engineering

(ii) Acquired a National Diploma with a mark per subject of at least 50%;

(iii) Received the required experiential training; or

Enrolled for the B.Tech. Degree, at a Technikon granted permission by the Commission of Examiners with the undertaking from such Technicon to monitor and control the required experiential training after completion of such degree

The Technical College Route
A course in engineering (mechanical or electrical as the case may be).

The completion of such course shall include passing all the subjects with a mark of at least 50%.

Such person shall also have served an apprenticeship in an appropriate trade and has gained experience in the maintenance and operations of mechanical or electrical machinery, as the case may be. Such experience of which at least one year has been at a mine in the RSA, shall be satisfactory to the Commission of Examiners.

After the completion of the prescribed course, the Department of National Education will be required to certify that a candidate for the Government Certificate of Competency, having followed the Technical College route, has

(i) Completed a curriculum, which covers the syllabus for Plant
Engineering;
(ii) Acquired a National Certificate on the N6 level, with a mark of at least 50% in all subjects

ACCOMMODATION
Please note that you are responsible for your own accommodation while attending any of our courses. Refer to the below mentioned website for an updated list of accommodation available in Potchefstroom.
